## ARE YOU READY TO TRY THIS?

### Quick START Guide To FENG SCHWING!

- Be sure that the door is clear- this is the MOST IMPORTANT- this is how the energy flows in!
- Remove all clutter, dust and any objects that you do not both consider either beautiful or useful.
- Orient the bed so that it faces the door (as you lie in bed you can view the doorway).

## FUN IDEAS TO CONSIDER:

1. **Look to establish balance** on each side of the bed- lighting, bedside tables etc. Balance indicates equality and that is good for the Schwing!
2. **Jump in bed** and both take a look at the view. How is it? Are you looking at something soothing? If not...clear clutter, hang new art or adjust.
3. **TVs in bedrooms are bad for the Feng SCHWING** as well- watch your Tonight show in the family room.
4. **Enhance the love corner** with something beautiful- art, a candle or a special lamp.
5. **Lovely soft linens are a HUGE plus** and invite sensuality. Natural cotton or linen have idea energy. Organic? Could be even better:)
6. **Consider what colors that you both feel say "sensual or sexy"** It might not be the minty grey green you so carefully selected- that might be cooling down the HEAT too much, lol! **You don't have to repaint-** but add some **Deep Burgundy or whatever feels like PASSION to you in a small candle- a throw:**)

1. Set up a night stand and equally fabulous are on "the lover to be's" side of the bed.
2. Remove anything that you think might offend your desired lover's sensibilities....consider who this person would be and what they would LOVE-simplicity?, humor?, glamour?, spirituality? Have a friend of same sex you are after inspect too!
3. Look for art, or sculpture that shows 2 people together to draw that couplehood energy in.
4. Placing a "pair" of something (not socks, silly!) in the love and marriage area is a great idea too!
5. Be aware of any photos or stuffed animals etc. that might be acting as odd "guardians" protecting you from the "one" who you so want to be joining you:).
